### Education

BSc. in Computer science, University of Witwatersrand: Jan 2020 Dec 2022

BSc. Honours in Computer Science, University of Johannesburg: Jan 2023-Dec 2023

MBBS, Jinzhou Medical University: Sept 2015-Apr 2019

### Key Skills

**Programming:** Python, Node.js, Java, C++

**Web Development:** HTML, CSS, JavaScript, WordPress

**Databases:** MySQL, Firebase, Azure

**Machine Learning:** TensorFlow, Scikit-learn

**Operating Systems:** Windows, Linux

### Objective

I am a computer science graduand with a passion for technology and a strong understanding of programming concepts. I am proficient in Python, C++ and JavaScript and with experience in data structures and algorithms, machine learning, and software development.

### Experience

*December 2013 – November 2014*  
Health Care Assistant • NHS UK

*January 2015 – March 2015*  
Temp Sales Rep • Hello Fresh

*April 2015 – July 2015*  
Temp Call Centre Rep • Hello Fresh

*September 2022 - Present*  
Private Tutor • Simply Tutors

*May 2022 - Present*  
Private Tutor • 4 Youth Tutors

*November 2022 - Present*  
Software Developer • NewNow

### PROJECTS

**DFMPC** - Student Placement System, a mobile application designed to help healthcare science students at Wits University manage their placement and academic schedules. On this project, I led the development of the backend system and assisted with the development of the frontend interface, which allowed me to hone my skills as a full-stack developer.

### Honours and Awards

I am a member of the Golden Key Society.
